FALL, 1905.

To THE TRADE. We take pleasure in presenting the ninety-fourth edition of our Trade List, covering the stock we have to offer for shipment, Fall, 1905. The stock offered herein has been carefully grown, and is all young and thrifty, and will be properly dug and graded to the highest standard. We also desire to call special attention to the extent and completeness of our stock, both in Fruit and Ornamental departments.

With our large storage cellars and packing houses, and system of water-works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of nursery stock are very complete.

Our nurseries have been properly inspected by the State Entomologist, as will be seen by his certificate on page 21 of this catalogue.

Our shipping facilities are unexcelled. Bloomington being an important railroad center, we are able to forward promptly to all sections. With the Illinois Central R. R., Chicago & Alton R. R., Lake Erie & Western R. R., and the C. C. C. & St. L. R. R. (Big Four), and their branches, we have direct communication with Chicago, St. Louis, Cincinnati, Kansas City, Indianapolis, Dubuque, Cairo and LaFayette by daily freight trains without transfer. On account of our unusual facilities we are also enabled to obtain very low freight rates to all points.

We exercise the greatest care to have all articles true to name.

PHOENIX NURSERY COMPANY.

TERMS AND CONDITIONS.

Terms of Payment—Cash, satisfactory security, or references before shipment of stock. All orders to be sent by express, "C. O. D." must be accompanied by ONE-FOURTH THE AMOUNT IN CASH.

Remit by Postal or Express Money Orders, Bank Drafts on New York, Chicago or St. Louis, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

Orders and Conditions of Sale—Please order EARLY, with order legible and separate from body of letter, with name of Postoffice, County and State, and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state on the order, to save the time of referring to previous correspondence.

Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices—At the prices quoted herein, 5 will be furnished at ten rates, 25 at hundred rates, and 250 at thousand rates.

Prices herein quoted are limited to the fall of 1905, and are subject to change without notice.

Packing—Prices do not include packing. Packing carefully done in boxes, mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by 2½, three of which usually hold 1,000 # to 6-feet apple—\$2.50 each, and in proportion for larger or smaller boxes. NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS, OR POSTOFFICE HERE. On lots by mail, postage and packing extra. Trees per carload, when loaded in bulk in box cars, no additional charge for loading and packing in car. When flat cars are used and boarded up, we charge for additional labor, lumber and material used.

Shipping—Our regular fall packing season ordinarily opens about October 1st and continues into December.

We prefer parties ordering should indicate the route by which they wish stock sent. In absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

It is our custom, when sufficient time is given, to obtain through Freight or Express Rates on all Shipments.

Direct all letters to PHOENIX NURSERY COMPANY P. O. BOX 625, BLOOMINGTON, ILLINOIS.

PEAR—DWARF.

		10	100	1000
3 to 4 feet, 11-16 inch and all up, leading varieties.....		\$1.00	\$8.00	\$75.00

The Following are Our Leading Sorts of Dwarf Pears:

BEURRE D'ANJOU, CLAPP'S FAVORITE, DUCHESS D'ANGOULEME, EARLY HARVEST, FLEMISH BEAUTY, GARBER, HOWELL, KEIFFER'S HYBRID, LOUISE BONNE D'JERSEY, SECKEL, TYSON, VICAR OF WINKFIELD, Etc.

ROSSNEY PEAR.

The best and handsomest pear yet produced. Hardy and productive. Ripens two weeks after Bartlett. Strong grower. Luther Burbank, the most noted horticulturist of the age, says under date of October 5, 1895: "The samples of Rossney Pear arrived in due season. The large size, handsome form, and creamy yellow skin with crimson blush gives the fruit a tempting appearance; and the tender, creamy flesh, of just the right texture, with no hard spots and an unusually small core, with its superior flavor makes it about the best pear so far seen. If the tree is vigorous, healthy and productive, would prefer it to any other, even the standards, Bartlett or Seckel." For history, description and colored plate of Rossney Pear, see page 402, Yearbook of the Department of Agriculture, 1904. See price above.

LONGWORTH'S No. 1 PEAR.**The Pear for the Northwest.**

This is a very hardy Seedling Pear which originated at Dubuque, Iowa, and was grown from seed some forty years since by the veteran nurseryman and horticulturist, Wm. Longworth. The tree is a strong, upright grower, entirely FREE FROM BLIGHT, and an enormous and annual bearer. Fruit, medium to large, nearly round; skin yellow with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitancy in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and EXTREMELY HARDY, it is a very desirable variety, and should be planted largely. See price above.

PLUM—American Varieties.

		10	100	1000

Lucretia Dewberry—Best of all.....		\$ 0.30	\$ 2.00	\$ 10.00

STRAWBERRIES.

40c per 100; \$2.50 per 1000.

Brandywine—This is the handsomest berry grown. Fancy market variety of fine rich flavor and large size. It is dark red to the center. (Staminate)				
Bennett—Good grower and plant maker; size medium, color very dark red when fully ripe, productive. Quality good; season early to late. (Pistillate)				
Empress—Plant large and vigorous. Color dark red, beautiful form; very large, conical. Season late. (Staminate)				
Haviland Seedling—Said to be the earliest large berry yet produced. (Staminate)				
Miller—Plant healthy and strong, makes a fair number of runners. Fruit large and beautiful; bright red in color, and of excellent flavor. Shape roundish conical. (Staminate)				
Sample—A vigorous grower, productive; berries medium to large in size; bright blood red. Quality fair. Season late. (Pistillate)				

STRAWBERRIES—Continued.

Senator Dunlap—Introduced 1900, by Rev. J. R. Reasoner, Champaign county, Illinois; is in bearing here and has given the greatest satisfaction as to hardiness, productiveness and quality; blossoms perfect; fruit generally large, bright or slightly dark red, very glossy, firm, a splendid keeper and shipper, and one of the best canning berries; of the Warfield type. (Stamineate)

Uncle Jim or Dornan—Plant large and healthy. Berry large, deep red, solid and of good quality; conical in shape, late season. (Stamineate)

Warfield's No. 2—Most highly esteemed for its large, uniform size and good shipping qualities. (Pistillate)

RASPBERRIES.

ROOT GRAFTS—[Order Early.]**Largest Stock and Assortment.****Our Season for Making Root Grafts Closes March 15.**

Root Grafts are Cions and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts ~~please~~ PLEASE SEND EARLY, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special care in cutting and putting up cions for early orders. Please don't forget this. No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application.

PRICES INCLUDE PACKING.

		1000	10,000
Apple —Price of assortments.....		\$ 4.50	\$40.00
“ On whole roots. Price of assortments.....		6.00	55.00
Pear —On whole roots. “ “ “		15.00	125.00
“ “ “ Longworth No. 1		20.00

~~We do not recommend the planting of Prune, Plum, and Cherry root grafts. They succeed best from buds.~~

Dianthus—HARDY PINKS, assorted. 2 and 3 years.....	.90	8.00
“ BARBATUS. The well known Sweet William.....	.90	8.00
Digitalis—PURPUREA. Fox Glove.....	.70	6.00
Eulalia Japonica Variegata—ORNAMENTAL GRASS. Leaves striped green and white.....	.90	8.00
“ Japonica Zebra—New zebra striped grass.....	.90	8.00
“ Gracillima Univittata—Narrow green leaves with a silvery-white midrib90	8.00
Funkia—DAY LILY, white, blue, and variegated90	8.00
Gaillardia Grandiflora—This is considered one of the most beautiful and desirable plants in cultivation, beginning to bloom in June; they continue one mass of bloom the entire season. Base of petals are scarlet crimson, bordered golden yellow. A most beautiful combination.....	.90	8.00
Helianthus Maximilian—An elegant specie, the latest bloomer of its class, as well as one of the latest of all flowers. Clear yellow, from 3 to 5 inches across, with several rows of petals. Center full. Handsome in bud and flower. Height 8 feet.....	.90	8.00
Heliopsis—PITCHERIANA. Very valuable for cut flowers, resembling Sun Flowers, but covering a longer season of bloom and earliest in summer. A new form with dwarfer habit, giving a succession of deep orange yellow flowers, from June to October. 3 feet.....	.70	6.00
Heuchera—SANGUINEA, Alum Root. One of the very few red flowering, hardy perennials. Flowers in graceful spikes. Very profuse.....	.90	8.00
“ SANGUINEA, Alba. White flowering; splendid for cut flowers.....	.50	4.00
Hemerocallis—ORANGE DAY LILY. Strong roots.....	.50	4.00
“ Clumps..... { Large Stock }70	6.00
Hollyhock—Double, white, yellow, pink, red, sulphur and maroon	1.00	8.00
“ Single, mixed colors.....	.60	5.00

HARDY HERBACEOUS FLOWERING PLANTS—Continued.

	10	100
Hibiscus —CRIMSON EYE. The stems and wood are deep red, and foliage is beautifully veined. Flowers immense. Color a clear snow white, with a brilliant crimson eye	\$1.25	\$10.00
" MOSCHEUTOS. Flowers 6 inches in diameter; of a light rosey red color with darker eye.....	.90	8.00
Iberis —SEMPERVIRENS. Hardy Candytuft, evergreen. Beautiful white flowers early in spring.....	.70	6.00
Iris —GERMANICA. German Iris, assorted.....	.50	4.00
" KAEMPFERI. Japan Iris, named.....	.90	8.00
Lychnis —HAAGEANA. Broad heads of showy flowers, varying from orange red to richest crimson.....	.70	6.00
Paeonies —See page 20.		
Pardanthus —CHINENSIS. (Blackberry Lily.) Easily grown in ordinary garden soil, 4 feet, June to September. Showy orange-red flowers, spotted with purplish brown spots60	5.00
Pyrethrum Uliginosum—This is considered by many the finest autumn flowering plant we have, growing four feet high, and covered with a profusion of large white flowers. Resembles the Paris Daisy in form of flowers. Very useful for fall cutting; August to frost.....	.70	6.00
Phlox —HARDY PERENNIAL. The improvement made in this beautiful class of plants the past few years is perhaps more marked than in any other section of the Hardy Herbaceous family. Perfectly hardy everywhere. We have the following named varieties: From open ground; strong plants. ALCESTE—Very beautiful large flowers, white, shaded lilac; enormous bluish violet center. Good. Almost identical with Duqueslin and Gloria.....	.60	5.00
AMOR—Pure pink, center light flesh pink. Dwarf grower, forming round compact heads80	7.00
COQUELICOT—Large flowers, bright orange, center purple; a very bright color. We consider this the best variety of its color and among the very best yet produced. Habit dwarf. Very vigorous.....	1.25	10.00,
CROSS OF HONOR—Light lilac, each petal regularly striped with white; very attractive. Medium sized flowers.....	.50	4.00
DUQUESLIN—Flowers, large and perfect, bluish violet, shading to white at edges; crimson eye. Very striking.....	.70	6.00
ESCLAIRMONDE—Flowers large and perfect, bluish violet, with lighter shading and dark center.....	.60	5.00
HOFGAERTNER DECKER—Magenta rose, very free50	4.00
JAMES MAGNUS—White with crimson eye.....	.70	6.00
JEANNE D'ARC—Large, compact trusses; flowers extra size and pure white. One of the best bloomers70	6.00
JEAN LIABAUD—Light rose, crimson center; habit dwarf. Very desirable.	.70	6.00
LUMINEUX—Extra large flowers pink, shaded magenta, crimson center....	.80	7.00
MOLIER—Salmon, flushed rose80	7.00
MIXED VARIETIES—2 years from open ground, per 1000, \$35.0050	4.00
Rudbekia Double —"GOLDEN GLOW." A plant of fine habit, vigorous growth, with early continuous and immense blooming qualities; the stems are long, and often carry a dozen flowers furnished with most beautiful foliage. Strong roots, per 1000, \$25.0035	3.00
Shasta Daisy . Probably the most popular new hardy plant, and is sure to become a favorite, for cut flower purposes. This Daisy is a production of Luther Burbank, and is the result of crossing our native field Daisy with a choice European variety. The flowers are borne singly on stems about 12 inches long, and are a clear glistening white, from 3 to 4 inches in diameter. The plant blooms continually through the summer and fall, and is perfectly hardy without any protection. From open ground.....	1.00	8.00
Vinca —MINOR; Common Periwinkle or Myrtle, well known.....	.50	4.00
Veronica —Amethystica, lavender blue. Augustifolia, white. Very desirable border plants..	.90	8.00
Yucca Filamentosa —SPANISH BAYONET; 4 feet; June and July. Foliage evergreen and somewhat resembling the Century plant in habit of growth. The flower spikes are many branched and the flowers are borne in huge panicles above the sword shaped foliage. Large, white, waxy blooms. 1 year roots.....	.25	2.00
2 year roots35	3.00
3 year roots50	4.00
4 year roots.....	.60	5.00

HERBACEOUS PAEONIES.

The New Canna "EMIL WIELAND."

Originated in Switzerland. A cross between the Crozy and Orchid type, combining the splendid qualities of the first with the immense size and shape of the second. As beautiful as the country it comes from, bearing its giant flowering trusses of orange scarlet flowers without interruption from June until October. A magnificent grower and excellent bedder. Height 3 to 3½ feet. Foliage a clear glossy green. No lover of flowers should be without this star of giant flowering Cannas. It is the best Canna we have yet seen. We are the first to offer this splendid new Canna, having bought it direct from the originator. Dry roots..... per 10, \$0.75; per 100, \$6.00

OFFICE OF THE ILLINOIS STATE ENTOMOLOGIST.

Urbana, Ill.. August 7, 1905.

This is to certify that the growing nursery stock and premises of the Phoenix Nursery Company, situated at Bloomington, Ill., have been inspected by Mr. E. P. Taylor, a duly appointed inspector of this office, according to the provisions of an Act to prevent the introduction and spread in Illinois of the San Jose Scale and other dangerous insects and contagious diseases of fruits, approved and in force April 11, 1899, and that no indications have been found of the presence of the San Jose Scale or other dangerous insect or plant disease. This certificate applies only to the condition of this nursery for the period ending June 1, 1906.
